To write a PL/SQL program to find sum of first n natural numbers.

Program

declare

       n number;

       s number;

begin

       n:=&n;

       s:=0;

       for i in 1..n

       loop

           s:=s+i;

       end loop;

       dbms_output.put_line('Sum of '||n||' natural numbers: '||s);

end;

Output
